

VERMEER SESSION AGENDA

8 a.m. Pro-Action Fluids

Learn how Pro-Action products work in western North Dakota conditions.

9:30 a.m. Break

9:45 a.m. DCI Locators

Get in-depth training on how to manage and use data log information on all Falcon Locators from DCI representatives and RDO specialists.

Noon Lunch

1 p.m. Vermeer Production Tools

See all of Vermeer's productivity tools to better plan, map and manage projects with Vermeer and RDO specialists.

2:30 p.m. Break

2:45 p.m. Tooling/Equipment Update

Check out new equipment, tooling options, breakout wrenches and headsets available.

3:30 p.m. Wyo-Ben HDD Products

Find out what to look for when using a mud reclaimer and see all the Wyo-Ben HDD products. Plus, get instructions for mixing, checking viscosity and using mud weights with a Wyo-Ben representative.

5 p.m. Social Hour

Visit with factory reps from all presenting vendors, and see the new HDD Boring machines, MX300D mixing system and vacuums, along with Behnke and Larson Reel trailers.
